

Hello all

We know many of you are very anxious about when you can get the Covid vaccine. As you may know, the ECE field are in Tier 1 b of the County's distribution plan, along with community members over 65 and the K-12 system.

We are hoping that some of our ECE community will be receiving vaccines by the end of January. We will be providing public health a list of all centers and family childcare homes in the county. Priority will be given to those programs who are open and working with children. As this is such a large group, combined with community members over 65 and the K-12 schools, not everyone will be able to get the vaccine immediately. We are fully aware that many of your programs have been open since March and we are advocating on your behalf.

There will be a request for the ECE community to sign up for the vaccines, so in preparation for that, we ask that you have proof of employment ready to share when you get your appointment. Such proofs could be: A copy of your family childcare license, a paystub, or a letter from your director saying you are currently working with children.

We have included a link to CDC that explains about the process of getting the vaccine for your info <https://www.cdc.gov/coronavirus/2019-ncov/index.html> , as well as a link to the Marin Public Health Department <https://www.marinhhs.org/public-health>

We are also providing some important documents from Public Health and CDE to be shared with your staff as appropriate regarding the importance of receiving the vaccination to end COVID-19:

- Vaccine Recipient Fact Sheets: - [English](#) | [Spanish](#)
- [Public Health on information re: Truth vs Myths](#)
- [Public Health information re: Vaccination Distribution](#)
- [What to Expect at Your Appointment to Get Vaccinated for COVID-19](#)
- [Cómo será su cita de vacunación contra el COVID-19](#)

Please make sure you share this with the ECE community and that we have your correct contact info. As soon as we get more info, we will send it out to you all.

Thank you for all you do!

Aideen Gaidmore
